

Merry Mayhem's Case #120

PART 4:

Go back and pull out one of your sets of EIGHT Half-Square Triangles.

Sew them into TWO matching 4-Patch units as shown at right.

It is VERY important that you follow the diagram carefully when sewing these units together, so PAY ATTENTION! Otherwise there will be some "frog stitching" going on.

(What's a frog stitch, you ask?? "Rip-it, rip-it, rip-it!")

Each unit should measure 4 1/2" square from raw edge to raw edge. Return each of these units to its original stack, matching the Lights and Darks.
