

# High Road - October

#####

## Cutting Instructions

### Background fabric

- 3 - 7" strips x length of fabric (42 - 44" if using meterage)
- 6 - 7" strips x length of fabric (21 - 22" if using fat quarters)
- 20 - 6 1/2" squares (if doing each one separately)

### Feature fabric

- 3 - 6.5" strips x length of fabric (42 - 44" if using meterage)
- 6 - 6.5" strips x length of fabric (21 - 22" if using fat quarters)
- 20 - 6.5" squares (if using scraps)

#####

## Curved Piecing Instructions

Print out the templates on page 2. Trace them onto cardboard or template plastic (I used cardboard templates). *As you only need to make 20 of these, there is no requirement to purchase specialty templates. The guild has an Accuquilt die for this block (which can be trimmed to 6.5"). Although the Accuquilt block is slightly different, it will work just fine. The Accuquilt is available to all members at Retreats and Sew Days. The block size is 6 1/2" raw and 6" finished.*

From the background strips, cut 20 pieces using template B.

From the feature fabric strips, cut 20 pieces using template A.

---

Feel free to use your favorite method of sewing curves or use a method from the websites linked below.

[http://www.abrightcorner.com/2014/05/quick-quilting-tip-quick-curved-seams.html?utm\\_medium=social&utm\\_source=pinterest&utm\\_campaign=tailwind\\_tribes&utm\\_content=tribes](http://www.abrightcorner.com/2014/05/quick-quilting-tip-quick-curved-seams.html?utm_medium=social&utm_source=pinterest&utm_campaign=tailwind_tribes&utm_content=tribes)

You might want to try this freezer paper method - just remember to cut your fabric squares at least 7" (the tutorial uses 5" squares). You can trim up the block to 6 1/2".

<http://mackandmabel.blogspot.com/2014/01/block-buster-sunday-1-curved-piecing.html>

And if you want to make the faux version, just adjust the size of your of the background to 12.5" and make a 10" circle using the feature fabric. You will need 20 of each.
